2 CONTRACTS UNDER PWA TO BE LET DEC. 2

Swimming Pool and the Furniture for Stafford Hall Is Advertised for Letting Bids

COTTAGES APPROVED

Campus Improvements Under PWA are Making Progress—Work on Cousins Hall

Bids will be opened at W. T. on December 2nd for the construction of the swimming pool and athletic improvements which has been approved under a PWA loan-grant. $40,000 is the estimate of this project. At the same time bids will be opened for the furniture and equipment of Stafford Hall, $6,000 having been allowed by PWA for this purpose.

The swimming pool is the fifth PWA project which was requested by W. T. This project will add very greatly to the facilities of the athletic department, which has been expanded to meet the needs of all students in the College.

Stafford Hall was recently accepted from the contractor, and awaits the furniture before being put into use.

A large number of boys have asked for reservations in the first men's dormitory on the campus. Dr. and Mrs. A. M. Meyer will manage Stafford Hall, which will probably be ready for occupancy after the first of the year.

Senator R. A. Stuart has wired Dr. J. A. Hill that PWA at Fort Worth approved the additional grant of $8,000 for the ten cottages on which bids were recently opened. J. B. Maxey, contractor for Stafford Hall, was low bidder on the cottages, but the amount of his bid was $8,000 above the sum granted for this project. Senator Stuart believes that PWA at Washington will readily approve the additional grant that work may start soon on this project.

Work is well underway on the addition to Cousins Hall, the only PWA project on the campus which is now under construction.

No Compulsory Problem Found in Canyon School District

Trustees of the Canyon Independent School District find no problem in enforcing the new compulsory school law. At the meeting Tuesday night a careful check was made of all children reported not to be in schooi. Fifteen names had been turned in, but on the check up it was found that 14 of the 15 were above the age of the compulsory law. The other one was out of school on account of bad health.

The trustees believe that few independent school districts in the state can show such a record for school attendance.

Armistice Day Is Very Quiet Affair For Local People

Armistice Day was observed in a very quiet manner in Canyon. All business houses observed the day by remaining closed.

Members of the Palo Duro Post, the Auxiliary and their families enjoyed a basket dinner at the Legion Hall at noon Monday as the only diversion of the day.

An Armistice Day service was held Sunday at the Christian Church, with the ex-service men as special guests. Rev. Stuart Marsh preached a special sermon in commemoration of the day.

Buffalo Squad Is Entertained Tuesday by Rotary Club

Thirty members of the Buffalo football squad were entertained Tuesday at the luncheon of the Canyon Rotary Club.

Coach Al Baggett paid a high compliment to the members of the squad, composed of 16 sophomores, 6 seniors and 8 juniors. The team has won half of its games this year, and have two more tough ones. Claude Reeds is coming Saturday with 21 lettermen.

Coach Baggett stated that the losses of three games this year could be charged largely to inexperience. There were 11 lettermen and 2 squadmen among the 30 men.

"We have the finest freshmen squad the college has ever had, and are looking forward to a successful season next year," stated Coach Baggett.

Captain John Rankin introduced Assistant Coach Bob Cox and members of the squad.

A short program was put on by the boys as follows:

"Butch" Clark, guitar and songs.

Curley Johnson, sleight of hand, tap dancing and character sketch.

Red Walling, trumpet solos.

Visitors present were: John Fain, Ben Anderson, Emmett Galloway, R. E. Wertz, Frank Storm, W. W. Rusk, all of Amarillo.

Miss Orlena Bandy of Skelleytown spent the week end in Canyon with her brother, Bailey, who was here from Crane.

Education Week Observed Over Entire Nation

Patrons Asked to Visit Schools and View Work Being Done Week of Nov. 11-17

The fifteenth annual American Education Week is being observed November 11-17. Sponsored by the National Education Association and the American Legion, this annual celebration is now one of the most widely observed special occasions in the United States. Forty governors issued American Education Week proclamations last year, calling upon citizens to visit the schools and take part in American Education Week exercises.

American Education Week is becoming more powerful each year in uniting the public in the improvement of the schools. Six million adult citizens in approximately 4,000 communities took part in the observance of American Education Week last year. Ten million adult citizens in the schools is the goal for 1935. Last year in New York City alone more than half a million parents and other citizens visited the schools during the seven-day observance.

Local citizens are urged to visit the schools during this week and to witness the work that is being done in all departments.

Law Sone has been elected president of Texas Wesleyan College at Fort Worth. He succeeds Dr. T. W. Brabham, who becomes president of McMurry College at Abilene.

Randall county citizens are not responding rapidly to the Memorial Fund being raised over the nation in honor of Will Rogers. Few subscriptions have been received this week.

The fund is a voluntary offering on the part of people who wish to have a part in the memorial which will be erected honoring the great American humorist.

Contributions may be left at The News office, or at the First National Bank. All money will be sent to state headquarters at Fort Worth. Vice President John Garner is national chairman and will direct the erection of an adequate memorial at some place to be selected by the national committee.

Buffs Face Hard Battle Saturday Last Home Stand

Former Coach Bringing Experienced Team To Meet Buffs—Hard Battle Is Expected

The Buffaloes will make their last home stand Saturday afternoon when Coaches Baggett and Cox cut the hobbles and turn their thundering herd loose against the side-stepping Bronchos of Edmond, Okla., coached by Claude Reeds, former Buffalo mentor. The game will begin at 3 o'clock on the turf at Buffalo Stadium.

The Bronchos, a rangy, well-drilled array of veterans, have beaten some of the outstanding teams in the country. They have won their conference for the last several years, and it now appears that they have the same thing cinched for the present season.

Tulsa University went down before the snorting Broncs, as well as every other team that has taken the same solution of the well-known defeat dose so well given by the Central officials.

The flying steeds have a combination of piano movers and football players on their team. Their line will average 190 pounds, and their backfield will do 170. Each starting man has played from three years on down, and two made the All-Oklahoma conference team last year.

One of the men that was chosen on the all-star selection was C. W. Barnard, and he did it as a freshman. Barnard hails from Happy, Tex., where he was an outstanding athlete in three sports.

Although the Buffs do not have the impressive record of the Sooners, they have as much ambition, and such men as Dow, Clark, Van

START TODAY WPA PROJECT ON CAMPUS

New Drives in Front of Administration Building Is First Work to Be Started

Local Officers Confer Tuesday in Regard to Carrying WPA Work In Randall County

WPA has approved the starting of improvements in front of the administration building at W. T., which will get under way today. Fifty men are to be given work on this project, stated R. A. Terrill, yesterday.

A driveway and parking space will be opened in front of the main building, extending from both the west and east sides, over to the walk leading south from the front entrance. On the west side it is a continuation of Third Avenue. The driveways will continue south on both sides and connect with Fourth Avenue.

Parking space has been at a premium around the administration building for many years. Opening up the additional driveways and a double parking space on both the east and west sides will greatly assist in handling large crowds.

Very few people use the main entrance of the building owing to the distance necessary to walk from available parking spaces.

WPA approved $65,000 for campus improvements last week, but this is the first project that will be started. It is believed that the other projects will be released during the week in order to give employment to a large number of men on the campus.

A joint meeting of the Commissioners Court, the City Commission and members of the County Planning Board was held Tuesday to plan for the foremen on these projects.

It was pointed out that the men employed will receive $29 per month owing to an increase authorized last week by the government. A federal inspector will be on each project to see that efficient work is performed, and that men are not employed who are unwilling to work for the wage offered, which amounts to 23.4 cents per hour. All men will be taken from the relief rolls, and transferred to WPA.

Frank Harrison has been named by WPA as inspector on the local jobs.

R. A. Terrill has been named by Dr. J. A. Hill as general superintendent of the campus projects.

Swindlers Leaving Texas As New Security Act in Force

"Stock swindlers are leaving Texas as we enforce the State Security Law," stated D. Leon Harp Saturday. Mr. Harp was here with E. B. Bynum, Jr., field representative of the Security Commission.

"We cannot keep swindlers from selling worthless stock, but we can send them to the penitentiary for two years if they attempt to sell any kind of stock without a permit from the state. If they secure a permit, they will be careful not to peddle worthless stock," stated Mr. Harp. He pointed to the fact that millions of dollars worth of worthless stock had been unloaded on the people of Texas by unscrupulous swindlers.

"It is unfortunate that professional men, specially doctors, and school teachers are usually the victims of these swindlers. The swindler paints a glowing picture of the wealth to be gained by owning such and such stock, and those who do not take the time to investigate will fall for their line of talk," stated Mr. Harp.

"When a peddler attempts to sell you stock, ask to see his permit from the Texas State Securities Commission. If he does not have the permit, call an officer immediately. He is subject to imprisonment for two years for trying to sell stock without such a permit," states Mr. Harp.

The state is making an effort to clean up these swindlers, and many have left the state since the new law was passed, states Mr. Harp.

PANHANDLE MEMBER PRESS ASSOCIATION

The News is of the opinion that President Roosevelt and Secretary Ickes are definitely wrong in their program of replacing privately owned power plants with municipally owned plants. It is true that in some instances the municipal plants are making big money and reflect a great credit upon the towns owning them. But on the other hand, there are as many examples of losses to the communities owning the plants as there are successes. It is true that many power plants have skinned the public in a big way—but there are likewise many more who have played fair with the public, and are doing their part as good citizens. Most of the power plants are owned by large numbers of people, stockholders who have invested their savings for old age. In order to punish the few sinning companies, it seems like the administration has decided to punish the entire power organization. Maybe the power business should be owned by the public; if so, there is a legal way of acquiring all of it at one time rather than by bankrupting existing companies, the fair ones as well as the corrupt ones. Most Americans are definitely of the opinion that so far as possible business should be owned and controlled by private enterprise rather than by the government. Every attack made upon corporations discourages the investment of capital in industries, and retards recovery. By all means control all kinds of public corporation; make them be good; but give them an opportunity to pay a just dividend to those who have invested their savings in these companies.

A few newspapers on the South Plains have been urging the organization of a press Association. It seems that those from that territory who started the West Texas Press Association several years ago are now desirous of another organization of more exclusive territory. The Panhandle Press Association is the oldest regional association in Texas. The annual meeting place of this organization is only an hour or two drive from any town which might be selected for the South Plains meeting. The newspapers on the South Plains are urged to meet with the Panhandle Press next spring, look this organization over, and perhaps the Panhandle folks could be induced to meet at some South Plains town occasionally. It would make a very fine arrangement.

The annual Red Cross Roll Call is on. The Red Cross is not just a war time institution, although most of our people look upon it as such. The Red Cross has done its greatest work in peace times, assisting when disaster comes to any section. The people of Randall county have received great benefits from the Red Cross during the past years—much greater than the money we have paid into the organization. It would be a fine thing if every citizen could respond to the Roll Call with their dollar.

Mr. W. R. Hearst has spent several thousand dollars running page advertisements in newspapers over the nation condemning the administration. It is well known over this nation that while Mr. Hearst claims to represent the great common people, that usually his influence has been cast in favor of those who would profit at the expense of the public. Mr. Hearst professes to be a great political leader, but his horse usually runs second. It is notable that he sent up a trial balloon in California by announcing that he was leaving the state on account of taxes. Receiving no encouragement to stay there, he will probably not carry out his threat.

Subscriptions are not coming in rapidly for the Will Rogers memorial fund. The closing date is Nov. 27. It would be a shame to see such a worthy enterprise end in somewhat of a failure, and would not reflect well upon the people of this nation who so quickly forgot their great hero. Let's make our contributions quickly to this fund. The News has been appointed by State Chairman Amon G. Carter to look after the contributions for Randall County. Donations may be left at the News office, or at the First National Bank.

The legislature will adjourn today. The pension bill was sent to the Governor last week, but will probably be withheld by him until it is seen whether the legislature passes any revenue measures. Without revenues, the pension bill would be a hallow sham. Both the House and Senate have acted upon the liquor bill and the county officers' salary bill, but the final disposition is to be taken. If the legislature succeeds in completing the pending measures, it will have almost performed a miracle.

Senator George W. Norris of Nebraska announces he will retire at the end of his term. He should not be allowed to quit. Senator Norris as a Progressive, while wearing the mantel of Republicanism, knew no party when it came to choice between party and principal. He is not a rabid destroyer, but a sound, sane thinker, loyal to this country and to the people of his country. He has written many progressive measures into the law of this nation.

A national poll is being taken on the prohibition problem, largely by the wet newspapers. The question is asked: "How do conditions in your locality regarding the use of alcoholic beverages compare with those during the last years of prohibition?" The responses so far are: Better, 36%; Worse, 33%; Same, 31%. It would seem that 64% of the people so far voting are not agreed that repeal has had such fine results as pictured by those who would turn liquor loose in this nation.

Senator G. C. Nelson of Tahoka introduced a resolution in the legislature last week approving a unicameral legislature. The resolution was promptly killed. Legislators could hardly be expected to legislate themselves out of office. Senator Nelson is thinking ahead of his time. Nebraska is the first state to adopt the unicameral legislature. The experiment will be watched with great interest. If it is a success, the people of other states will demand the change.

There are many who could not agree with the methods of Billy Sunday, but no one doubted his sincerity, or questioned the good that he did in this world. The professional evangelist is definitely out so far as the average church is concerned. The evangelist went out with the changing ideas and ideals of the religious world. But Billy Sunday, like many other great religious leaders, was an institution in himself.

Politicians are funny critters. Following the election of last week, both the Democrats and Republicans announced that the results were favorable to their party. Politicians grasp at all sorts of straws, blown by public opinion. Wall Street gamblers were betting 30 to 1 that Roosevelt would be re-elected, but after the elections of last week the odds dropped to 10 to 1. But still a pretty safe margin.

As the leaves fall, the natural inclination is to rake and burn them. Falling leaves always look badly. However, those acquainted with soil and the need of soil, state that leaves should remain on the ground during the winter. They catch and hold the moisture and fertilize the soil under the trees.

Cut down the dead trees. They are a harboring place for insects and create a real menace to the good trees. Cutting these trees down during the winter will destroy millions of bugs which are wintering there.

Japan has renewed activities in China, and marches forward to grasp more territory. It will be interesting to see what the League of Nations does about this.

Turtle Shell of Prehistoric Age Is Placed In Museum

The latest addition to the fossil collection in the museum is a turtle shell five million years old. The shell is of a land turtle which was once found in this part of the country, but now is found only in the south seas near the Galapagos Islands.

The shell is about thirty inches in length and is estimated to have contained a 200-pound turtle. This specimen ate vegetation.

The shell was unearthed near Clarendon by Will Chamberlain last spring, and prepared by Harry Hartzog, a student here last year.

Another addition to the fossil department is the tusk of a saber tooth tiger, found in Hemphill county. The tooth is in perfect condition, resting in the original sand as found.

Both edges of the tooth are serrated which can easily be seen. These serrated edges are so sharp that the tiger could jump upon an enemy, sink the saber into the back and tear open the whole side of the opponent.

SMALL CROWD VIEWS FOURTH BUFF VICTORY

Fray Replete With Many Forward and Lateral Passes

With a warm sun sending its rays earthward, and a mild south wind blowing across the field, the West Texas Buffaloes unleashed a passing and running attack Saturday afternoon that the N. M. M. I. Cadets could not analyze, and the Maroon and White gridders of W. T. stacked up their fourth win of the present campaign 20 to 7, While only a handful of fans saw the most thrill-studded game of the year.

The first quarter saw a couple of sluggish offenses, but the second stanza brought a complete reversal, and before the half ended, the Buffaloes had uncorked some tricky runs and laterals that netted them 14 points, and they were holding said lead when they dashed into the locker room for the intermission.

The first touchdown came early in the second stanza. With the ball on their own 20, the Buffs, using everything in the baffle-bag drove straight for a touchdown. R. Davis, Clark, and Murry turned in some sensational runs to put the ball on the Cadets' 23, from where Dow cracked the Soldiers forward for the touchdown. Dow kicked from placement to run the score 7 to 0.

Just before the half ended with the ball on the 35 yard line, a lateral pass with Davis running last picked up 29. Davis immediately hit tackle for the marker. Dow again converted from placement.

The Soldiers made their tally after two penalties and a pass put the ball on the Buffs own 5. Honocheck hit center for the touchdown. St. John passed to Montgomery for the extra.

The Buffaloes' last touchdown came after 5 runs from the 20 placed the ball on the Institute's 4. Dow hit center for his second touchdown, but missed his second try for point this season.

With sophomores and reserves leading the way, by making gaping holes in the Cadets' line, the Buffs backs were well on their way for a fourth touchdown, when St. John recovered the ball on his own 26. After two tries at the line that netted 2 yards the gun sounded with the ball on the Institutes own 28.

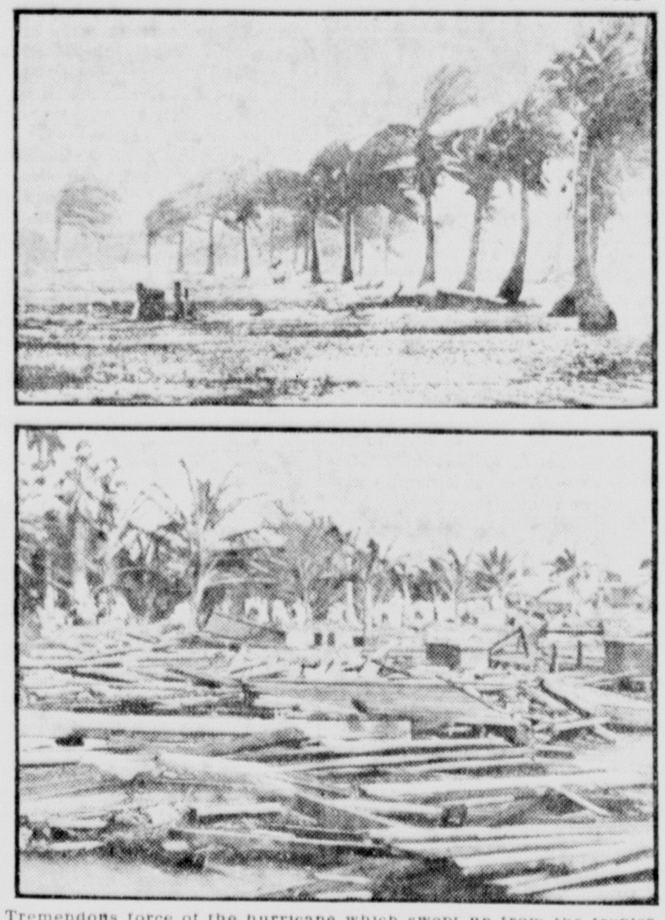
Hurricane Leaves Trail of Ruin



Tremendous force of the hurricane which swept up from the tropics, cut a devastating swath across southern Florida, and reaped a toll of five lives and more than $3,000,000 damage, is portrayed vividly in these scenes. In the top picture, taken at the height of the storm, palm trees lining the shore at Miami bow low before the fury of the winds. Below, the wreckage of numerous buildings which littered the city after the storm had passed on testifies to the terrible fury of the gale.

November 3 Marks Twenty-Two Years' Service For W. T. Janitor

The third day of November did not mean much to most people of this institution, but to a man in his little shop under the stairway, it signified the completion of twenty-two years of service rendered to West Texas State Teachers College.

J. S. Harrison, a W. T. mechanic, began working as a watchman in the college Nov. 3, 1913. From 1914 to 1919 he worked as and engineer, and since that time he has held his present position.

"I have watched every building on this campus go up brick by brick, and in the construction of the power plant, Mr. Terrill and I worked forty hours without rest or sleep. Our meals were brought to us on the job," said the mechanic.

'When I came to the Panhandle thirty years ago, it was thought these plains would never develop into any more than a cattle country, and only a small school would be needed. That theory was wrong; more buildings are going up all the time."

"I remember when the old building burned in 1914. Until this building was rebuilt, education went on in the shacks, located about where the water tower now stands.

"This college is only three years ahead of me, and I've watched it grow. It will be the largest school in the Southwest if it keeps on.

"I have not taken a vacation except legal holidays since I began working. I like my work. The sight of one eye was lost in June, because of some paint, but I am still on the job," concluded Mr. Harrison as he turned to an unfinished task in the little shop.

BRIDE ELECT HONORED WITH SHOWER

Miss Winnie Davis, who will soon become the bride of Mr. Bailie Bandy, was honored Thursday evening with a miscellaneous shower given by Mrs. Clyde Warwich, Miss Olive Schramm, Mrs. James Cole and Mrs. R. N. Barnett at the Warwick home, 1110 Sixth Avenue.

Many baskets and vases of fall flowers were used to carry out the color scheme of pink and gold, which are the chosen colors of the bride-elect.

The gift packages were presented to Miss Davis by little Sue Lane Neff, who pulled the laden tea cart into the reception room and placed it in front of her favorite guest. After everyone had seen the beautiful assortment of gifts, Miss Irene Angel gave a very appropriate reading, as part of the evening's entertainment.

The guests were then invited to the dining room where Miss Davis and Mrs. Felix Neff poured tea and coffee at one end of the beautiful lace covered table, which was centered with a large floral arrangement of pink roses banked with small yellow chrysanthemums. The soft light shed by four yellow tapers in silver holders added much to the beauty of the table service. The guests served themselves to date bread sandwiches, smacks with cheese hearts, salted nuts and heart shaped pink and gold mints.

Those invited were Mrs. J. J. Walker, Mrs. Ed Harrell, Mrs. R. W. Ratcliff, Mrs. Felix Neff, Mrs. N. E. McIntire, Mrs. C. M. Federal Dams Progress in South and Northwest

In the northwest and the south, as these scenes reveal, federal dam construction heads toward completion at a rapid pace. Sixteen miles upstream from Wilson dam, a barrier—Wheeler dam—has been thrown across the Tennessee river, as pictured above. The last cofferdam has been erected, blocking off the mile-wide stream, and the powerhouse, shown in foreground above, is nearing completion. Across the Columbia river, on the site of the Grand Coulee dam, as shown at right, the central span of a suspension bridge, three-quarters of a mile long, has already been erected. To fill the gigantic dam, sand and gravel will be carried via belt across the river at this point from the east bank of the stream to the mixing plant shown in the foreground, where concrete will be prepared to pour into the Grand Coulee dam.

Joe Louis Probably Will Satisfy Paulino Uzcudun's Gluttonous Appetite for Punishment . . . Frankie Frisch Keeps His Job

BY PHILIP MARTIN

NO one who saw him in action when he was campaigning in these parts several years ago ever questioned the courage or durability of Paulino Uzcudun. Max Schmeling once handed him a thumping which would have broken both the spirit and body of a less hardy personage than old Paulino.

Thereafter the Basque did battle with most of our better heavyweights, and took many severe drubbings. It wasn't the defeats that engaged our attention at the time; it was the seeming relish with which he came back for more.

The man positively thrived on punishment. Paulino was always willing to be trotted out as a trial horse when promising youngsters needed testing.

Now, however, it appears that he's trying to outdo Dickens' famous Barkus with regard to willingness. But signing Uzcudun for a match with Joe Louis at Madison Square Garden on Dec. 13 is something like shoving his head in a lion's mouth.

Uzcudun's proclivity for stepping right in and leading with his chin is made to order for the style of the Tawny Tiger. And, as you probably know, mercy in the ring isn't numbered among the characteristics of Dusky Joe.

A less fitting opponent could hardly have been chosen as a target for Louis' lethal dukes. Having reached the ripe old age of 36, Paulino, we think, should be permitted to doze in his sunny Barcelona, instead of being dragged forth to provide a Roman holiday for sweet charity's sake.

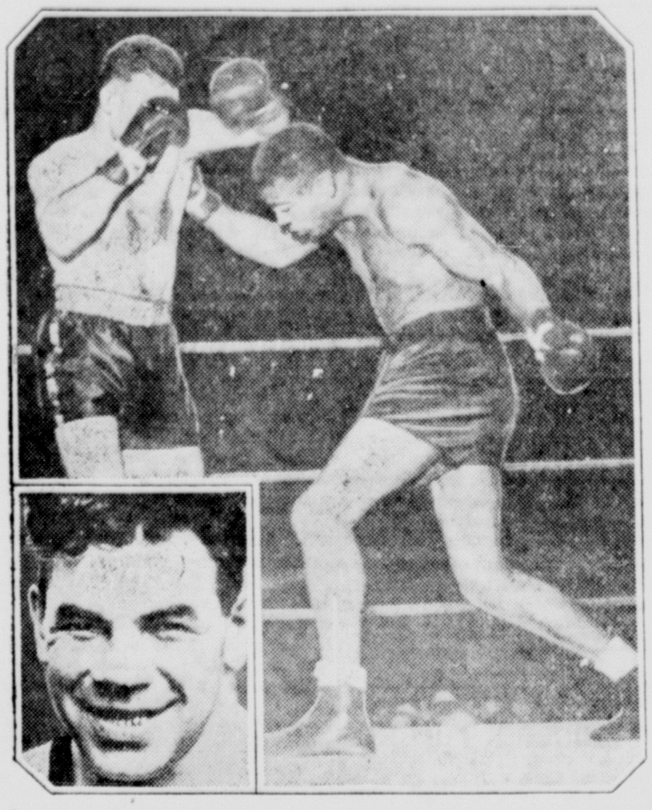
"Blessed are the peacemakers," says the Good Book.

Such being the case, Frankie Frisch, Cardinal boss, must be thrice blessed, because if he hadn't been able to bring the dove into the strife-torn St. Louis camp, he probably would be looking elsewhere for a job, since it seems to be the policy of Owner Sam Breadon to dump a pilot just as soon as he fails to bag a pennant.



John Henry Lewis, who hopes some day to wrest the heavy title from Joe Louis, is shown above during the light-heavy title fight with Bob Olin from which Lewis emerged victorious. Paulino Uzcudun, who is expected to prove a chopping block in his December scrap with Louis, is shown at bottom left.

Aside from a few minor clashes with the recalcitrant Deans, the Fordham Flash had the tough Redbird bunch eating out of his hands.

Of course, the fact that Card stockholders were able to cut a juicy melon amounting to $10 a share, due to increased attendance, may have influenced Mr. Breadon to retain Frisch, for Sam, you know, is baseball's No. 1 business man.

It's a very remote possibility—but still a possibility—that some future day will find two colored lads, a Louis and a Lewis, heaving leather at each other for the heavyweight diadem.

When the Arizona flash, John Henry Lewis, ripped from Bob Olin the light-heavy title after a sizzling 15-round brawl in St. Louis, John Henry immediately announced his intention of engaging in some more fights to build his exchequer, and then—"I'm going to start eatin' until I'm heavy enough to enter the heavyweight class," promised the new ebony champ.

Accident Prevention Week Stressed in Public School

During the week of November 18 to 23 the Canyon Public Schools will attempt to arouse the interests, aid and co-operation of the people of Canyon in the Red Cross drive for the prevention of accidents. An annual home inspection campaign will be waged thru the home to reduce the number of accidents in our territory. Each student will be given a slip of instructions outlining the campaign of inspection. Each direction should be read carefully. The parent is requested to fill in the certificate of inspection and return it to the school. It is the hope that the parents will show interest in this project and will assist the children faithfully in carrying out the inspection. This is a project that will promote educational interest and greater safety in the home.

What a tragedy if every citizen of the great state of Pennsylvania were suddenly laid low by accident. If every person in the bustling town of Ellington were killed, if half the people of Pittsburgh were crippled for life and yet, such catastrophe would represent what happens every year in the United States.

Last year there were 9,821,000 disabling injuries occurred in the United States. Accidents rode the highways last year. 36,000 people were killed. 10,000 were permanently disabled, and 100,000 injured otherwise. Accidents invaded the home. They killed 34,500 people at home, just 1500 less than on the highways. They permanently disabled 150,000 men and women and children at home.

The American Red Cross is convinced that this terrific, unnecessary loss and suffering can be reduced by bringing to American homes a knowledge of the hazards that exist and the dangers of unsafe practices corrected.

THE EAGLE'S TALE

VOL. NO. 10. CANYON, TEXAS, NOVEMBER, 14, 1935. NUMBER 10

Boy, can them Ex-students make things happen at our scule. As soon as they cum to Canyon, the scule kids got ashamed uf th way they wus lettin scule drag along.

Them Ex-Eagles feetball players has still got ther high scule pep. They jus cudn't score on each other due to the fact that "used to be Eagles" wus on each side, but 8 to 0 score showed th superity of Coach Jones' side.

I heard sumbody broadcastin' th Ex-Eagle's game last Friday, and it sounded sorta like this.

"Th Blues have got the ball, ladies an gentlemen. They smacked th gray wall fer a yard."

"No, a foot."

"Mistake folks, it was a foot. It was fourth down thet time, so th ball goes over, an th Grays lope around end for a gain."

When I got up closer, I found out that it wus Mr. Carruth an Mr. Stroud on another one other "goin ons."

CONDUCT AT RECITAL MUST BE IMPROVED

Conduct during the two recitals last week is something to be regreted by every true, loyal student of Canyon High School.

Students, if you want to wrestle, Coach Jones will provide a place for your convenience; if you wish to practice archery, go hunting; if you want to make boats or paper airplanes, go enter the kindergarten; and if you desire to visit your neighbor, visit him during the visiting hours from 2 o'clock to 4 o'clock p. m., at his home.

None of these activities are in place at a recital of music and expression, and the people who continue such conduct are branded as low and common by people who know how to act at all occasions.

If you are really interested in the recital, arrive on time and seat yourself well toward the front in the auditorium, and if you are not interested in the recital, then why go at all? Certainly your presence is not wanted.

All students of Canyon High School should determine to improve the conduct at recitals and to uphold the fair name of our school, because the name of the school suffers more than the individual.

NUTS, NUTS, NUTS, SHALL THE NUT EATING STOP OR NOT?

Nut Eating in Canyon High School,—yes nut eating has become a habit. It has become such a habit that students have begun eating them inside the building as well as outside.

Students, did you realize that it was very impolite and rude to eat before others in a classroom? Besides, this habit makes the floor, seats, and desks very greasy. You yourself do not particularly enjoy walking on nut hulls all day. Let's carry the nuts to the outside to eat them.

GUESS WHO

He is very bold, fair, not very tall,
An all around athlete, you should see him carry the ball.
He is carefree and silly, just ask the girls;
His hair is straight without any curls.
A dandy fellow, a senior true;
His eyes are gray instead of blue.

Answer to last week's "Guess Who," R. E. Prichard.

Gerald Brown spent Saturday and Sunday in Amairllo with his parents.

Miss Virginia Jarrett spent the week-end in Amarillo with Parris Sears.

Exes Relieve Past Football Memories on Buffalo Field

To celebrate homecoming, the Ex-Eagles football stars chose up last Friday and had a battle royal as in days of old.

Captain "Rusty" O'Donald led his team to an 8 to 0 victory over Johnnie Pool's team. "Rusty's" team was composed of the following players: C. C. Jones, "Speck" Williams, J. M. Black, Curtis Ellison, Leonard Brasuel, Dan Gerald, Herbert Slack, Chris Wooten, Wilford Taylor, Jack Cox, and the captain.

The losing team consisted of the following: Ronald Black, Austin Cone, Jack Pitts, Hampton Lisle, Ralph Cabe, David Horn, George and Alton Brasuel, Ernie Wiggins, Ogden Stroud, Ernie Miller, Bob Black, and the captain, Johnnie Pool.

While the game was going on, the pep squad exes rivaled with the present Eagle Peppers. At the half, both groups marched on the field, and the Exes made a large "E," at the same time the Purple Peps made a "E" and an "X," for Exes.

Sometimes it was hard to tell whether the fight was between the ex-Eagles on the gridiron or the pep squads in the grandstand.

The whistle blows—the game is on
Nig Campbell takes the ball
Six men hit him all at once;
Oh Boy, what a fall.

They hit him on the twenty;
He slid plumb to the ten;
The exes drag him off the field;
Ogden Stroud is coming in.

Rusty O'Donald plays hide and go seek
In his attempt to get away;
He catches a pass for forty yards
But "Hammer" Lisle was in the way.

Ogden Stroud fades back to pass;
The opposite line crowds in,
But the pill is slipped to Wiggins—
The yards gained then were ten.

Hey diddle, diddle, was their signal there,
We'll go through the middle was Coach Jones' prayer
So they hit the line, and found it froze
Results were two yards gained and a broken nose.

"My father's side is winning."
"You're a liar said the other."
A fist swung to an open mouth
And the abused one calls his brother.

So was the game the other day
With run and kick and pass
They all pooped out in the second half
And layed upon the grass.

But they are still our heroes
And good ones we confess,
That used to fight for Canyon Hi
And bring our school success.

HOME OF J. W. BOURN BURNS THURSDAY P. M.

Thursday afternoon the home of J. W. Bourn, a mile west of Canyon on the Hereford highway, burned. The cause, as best as could be ascertained, was a defect in the electric wiring. A small insurance of $2500 was held on the house.

Things down-stairs were saved, but everything upstairs was demolished. Their plans at present are to rebuild on the same spot a modern stucco home.

Bourn's present location is at the Keiser house at 1210 Fifth Avenue.

Snow and Holiday On Armistice Day

With a sheet of snow on the ground,
The students to the ball game were bound,
With the flag on the building flying at full height,
The Eagles found out they would not get to fight.

Some people may have thought it was Christmas by the snow. Some may have thought it was the Fourth of July by the noise, but it was Armistice with a holiday for students and the important football game.

Members of the Press Club worked all morning and part of the afternoon working on The Eagle's Tale.

The football game between the Eagles and the Whitefaces was postponed until Nov. 22.

Carruth Addresses Assembly Thursday

Superintendent I. B. Carruth gave a talk about school spirit in a pep rally last Thursday afternoon for the entire high school.

He said the students hadn't been backing the Eagles, and he urged all students to go to the Canyon-Hereford football game.

Billy Louise Greenfield, a junior, gave a short pep talk, and asked everyone to come out and help the pep squad yell for the Eagles.

Principal John B. Pope gave several pointers on school spirit and loyalty. Marjorie Wilkinson, a senior, gave a few points on sportsmanship and setting an example of school spirit for the freshmen. Hal Gamble, president of the student council, said that more students should be out at the Canyon-Hereford game and yell with all their might.

The students went to the front of the auditorium and gave several yells and songs. The singing of the school song concluded the program.

Foster Represents W. A. A. for Queen

Robbie Foster was elected to represent the W. A. A. in the Le Mirage beauty contest for college queen. Twenty-five members of the organization signed a paper approving of Robbie as W. A. A. representative.

Robbie is an ex-student of '34 and is now a sophomore in W. T. She was editor of The Eagle's Tale in 1933-34. Robbie played in the high school orchestra and was an active girl scout, being president of the Thistle Troop during her four years in high school. She was also a leader of the Girl Scouts last summer, taking over the Thistle Troup last spring and carrying on the work throughout the summer.

Red Cross Drive Begins This Week

The Red Cross drive was started in Canyon last Monday sponsored by the American Legion and Auxiliary and is to last until Thanksgiving.

Mrs. Guy Harp is chairman of this drive with different members helping to sell the Red Cross tags which will sell for one dollar.

The money that is made from this drive is to be used in providing for the needy families of this county.

BEAT HEREFORD TAGS ARE SOLD BY SENIOR CLASS

The Senior Class began selling "Beat Hereford" tags Nov. 7. This is an old senior tradition, which has been carried on for many years.

These "Beat Hereford" tags are sold to the pupils, teachers, and business men. This shows much loyalty among them.

The pupils get autographs of all their school mates on their tags so as to be able to paste them in their high school memory books. Perhaps no memory book has left C. H. S. in the last decade without at least one thoroughly autographed "Beat Hereford" tag pasted within.

WANDA BROCK ENROLLS AS JUNIOR IN HIGH SCHOOL

Wanda Brock from Channing, enrolled in school here Nov. 5. She is a junior, taking Spanish II, American history, English III, and geometry, and she intends to play basketball and volleyball. She played both games in Channing.

She now lives in the west end of town. Her father is a plumber here.

Hazel Sanders Is First to Complete Home Ec. Project

In the first year Home Economics class, Hazel Sanders was the first to complete her home project.

The projects are constructed to meet the requirements of the homemaking class. Miss Brasuel, Home Economics instructor, said that the girls were trying to select projects that had grown out of their class work. The first year students are required to carry out one project each semester. Second and third year girls complete three projects a year.

"The purpose of the projects," Miss Brasuel said, "Is to educate the girls in homemaking in a normal situation, to give the girls an opportunity for further learning, to promote self management, to help make the girl a better individual, and to make their home a better place to live."

Hazel chose for her project, "Making our bathroom more attractive." She painted the worn linoleum a clear blue, and varnished the medicine cabinet, selected curtains, and arranged the room more conveniently. Miss Brasuel said this was a very good home project because Hazel chose a project that would benefit her home and herself. The project was carefully planned and done well.

Sanders Is Proud Papa of Baby Girl

Were you wondering why Mr. Milton Sanders didn't come to school Friday?

In case you were, he is now the proud father of a baby girl, who has been named Merita Jane.

Who could blame anyone for being proud of a fat, red headed baby, weighing 9 1-4 pounds at birth. The baby arrived Thursday evening. The mother is doing well.

Mr. Sanders is a graduate of C. H. S. of '26, and now is teaching manual training in Canyon High School.

SARAH BONNIE BOURN GIVEN SHOWER BY SENIOR CLASS

Sarah Bonnie Bourn was honored with a sfower by the Senior class at the home of Billie Bee Flesher assisted by Anna Katherine Overton last Saturday afternoon.

Refreshments of hot tea, sandwiches, and cookies were served to the following: Sarah Bonnie Bourn, Marjorie Wilkinson, Fay Plaster, Loretta Cole, Mary Ella Davis, Ruby Guthrie, Geraldine Heath, Lecy Mae Furlow, Wilma Cofer, Carlene Scott, Sewel Cox, Joe Morris, Leslie Lisle, Mrs. Wilford Taylor, Miss Lois Goodrich, Natalie Flesher, Mrs. W. C. Baird, and the hostesses.

Mr. Christian was graduated from this school in 1927. He was an outstanding football player while in high school.

NEGRO QUARTET FROM CCC TO SING FOR HIGH SCHOOL

Negro spirituals, southern melodies, and other songs will be given in assembly next Friday by the Negro Quartet from the Palo Duro CCC Camp.

Besides songs by the quartet, there will be solos by the different members.

BOOK CLUB MEETS

The Book Club met in the study hall Nov. 5. Sarah Bonnie Bourn, president, appointed Sarah Thompson, Martha Jo Newlin and Lillian Chambers as a committee to get new members. Different members of the club discussed interesting books which they had recently read.

Lecy Mae Furlow had charge of the program and introduced a new game. She pinned the name of an author, an important person, or a well-known character on each person's back. Three questions could be asked of each person, but they couldn't answer anything but "Yes" or "No." Suckers were given to Mary Jo Avent for guessing the name on her back first, and Dora Tucek for guessing her name last.

Mrs. T. W. Collins went to Claude Saturday to see her new granddaughter.

Miss Elva Fronabarger spent the week end in Borger.

Styles Of C. H. S. Seen At A Glance

Let's take a look at the style sheet for Canyon High School.

The majority of the girls wear anklets and oxfords, but will probably turn to hose since the weather has changed. They also wear skirts with smart blouses and sweaters or tailored woolen dresses. Some fads for this year are different colored combs and bright colored carioca scarfs. Some parents are glad to see the latter style go into effect. The pep suits are on the shirt waist style and every Friday these suits are worn.

The boys wear dark trousers with smart sweaters, but they very seldom wear ties except just for fad, and then they are ties of bright colors. Several of the boys wear jackets, and the football boys wear their football sweaters during cold weather.

P.T.A. Study Club Meets Today 4 p.m.

The P. T. A. study club meets this afternoon, the time being changed from 3 to 4 o'clock in the music room of the grade school.

The opening is to be conducted by Mrs. J. H. Black. The topic of discussion is Unit I, History and Its Needs, which will be discussed by Mrs. R. E. Ball.

This is American Education Week which starts Nov. 11, and continues through Nov. 17. Mrs. D. A. Nicholas, who plans the P. T. A. study programs, said, "We are anxious to have the parents visit school this week, and while visiting school the parents are also invited to attend the study club.

Girls Basketball Opened Tuesday

When the call for candidates for the girls' basketball team was issued last Tuesday, two new coaches and 14 girls responded.

The new coaches are Gerald Brown and Lenna Foster. Mr. Brown teaches history at the grade school and Miss Foster teaches English.

Two lettermen, Mary Ella Davis and Jean Slack, lead the group of 14 girls. Several last year's squadmen and many new players reported.

Last year's squadmen are Mary Horn, Carolyn Mayfield, Billy Greenfield, Anna Katherine Overton, Lavena Watkins, and Helen Hurst.

The new candidates are Natalie Flesher, Jimmie Sol Slack, Sarah Bonnie Bourn, Rena Beth Bellah, and Edra McNeil. Others will probably start practice in the near future.

Dr. Parker, director of curriculum and research of the Fort Worth Public School was the guest of Supt. I. B. Carruth, Saturday.

Lenna Foster went to the basketball conference in Amairllo Saturday.

Miss Ann Smith spent the week end with her sister at Grover.

The average man's idea of fair wages is about double what he's getting.

American Legion Gives Armistice Program Friday

Members of the American Legion had charge of the assembly program last Friday on the subject of Armistice and the flags of our nation.

Flags of the United States and the American Legion were carried in by Allen Farlow and Guy Harp, while the audience stood at attention. After the flags were placed on the stage, Mr. Pope gave an introductory speech. Then the mother singers led the audience in singing "America."

J. B. Fowler, the main speaker, brought out in his speech the courtesies and respect which should be shown the flag. He also made the audience more familiar with the different kinds of flags which have been used in the United States throughout its early history.

Seated on the stage were: J. B. Fowler, George Farlow, John B. Pope, Jr., I. B. Carruth, Andy Walsh, Dan Sanders, Guy Harp, G. I. Taylor, Roscoe Davis, Hudson Prichard, Ray Campbell, and Clarence Thompson.

The assembly was brought to a close with the flags being carried from the stage while the audience stood at attention.

Items of Interest In Grade School

Miss Virginia Jarrett's room will complete its play house in about two weeks.

The third grade under the supervision of Ruth Greenfield is studying Switzerland and making a Swiss home.

The band under the direction of Mr. R. G. Stevenson is planning and working on a program to be given in assembly.

Mr. I. M. Steen, janitor in the grade school, has built a small house in the janitor's supply room west of the stage in the grade school gymnasium. The janitor's tools and brooms are to be placed on top of the house. Mr. Steen calls this house his "dog house." It really serves as his office or "janitor's headquarters."

Dinner Given By Home Ec. Class

The third year home economics class served a six-course formal dinner to six of their class members during class period Nov. 4.

Marielle Oldham acted as hostess, and Wilma Cofer as host, while Lavena Watkins, Anna Katherine Overton, Evelyn Cluck, and Mary Collins were guests.

The dinner was served English style without a maid. The other members of the class were served with an informal buffet dinner in the kitchen.

Formal Tea Given Thursday

Last Thursday afternoon the third year home economics class entertained with a tea during their class period.

Mary Collins acted as hostess, while Evelyn Cluck acted as assistant hostess and served the tea. Miss Vallie Harrell, who is now observing the class, was asked to be guest of honor. Those in the receiving line were Mary Collins, Miss Vallie Harrell, Lecy Mae Furlow and Geraldine Heath.

Sewel Cox, Senior, Returns to School

Sewel Cox, popular senior and football player, returned to school Tuesday after being absent for two weeks because of a leg operation.

Sewel hurt his leg in football scrimmage after playing five games this season. Sewel is a two-year letterman having earned letters in his freshman and sophomore years. He did not play last year because of a broken leg. Sewel is also a member of the press club and the expression club.

The student body of Canyon High School wholeheartedly wishes Sewel Cox, who was injured serving them, a hearty WELCOME.

HOME ECONOMICS DEPT. IMPROVED BY JANITORS

New wall paper was hung in the home economics dining room Nov. 5, by the school janitors, Milton Kiker and I. M. Steen.

The paper is a cream color mingled with pastel shades. The money for the paper came out of the home economics budget. The department intends to have the radiator in the dining room taken out because it is in the way of the dining room door. The home economics girls plan to make new curtains for the room and get new linoleum rug to match the paper and the curtains.

Exes Banquet In Sixth Gala Annual Homecoming Fete

Mid gay laughter and the happy voices of old time school mates, the ex-students of Canyon High School gathered in the basement of the Presbyterian Church last Friday night for their sixth annual banquet.

Charles Donnell, master of ceremonies, called the banquet to order. He said that the class of 1902 was the first class to be graduated. At that time there were only 10 grades. In 1905, another grade was added, making 11. The welcome was given by Robert Black, followed by a response from Mrs. Clyde W. Warwick.

While eating, a group of exes decided to get revenge on Superintendent Carruth and several students by making them walk, skip, run, and hop around the tables. Mr. Carruth was the first victim. He had to walk around the table. Willard Middleton skipped, Mark Foster ran around the table, and Mrs. John M. Davis sang "Good Morning to You."

Exes Have To Skip

When the dessert was served, some revenging class mates of Dan Gerald called on him to sing, Armor Lee Greenfield to give a speech, and Joe Collins to skip around the table.

As the Texas Centennial was the theme carried out, the program was Texas Under Six Flags. Annie Ruth Schmitz, seventh grade, dressed as a negro, tapped to "The Chicken Reel," accompanied at the piano by Gwendolyn Black. For encore, Annie Ruth tapped to "Swanee River." Two readings were given by Wendell Cain from the college, the first, a negro dialect, "What Caused the First White Man," and an Italian dialect, "Between Two Loves."

Also on the program was the W. T. Boys' Trio. They sang "Old Faithful," " I Like Mountain Music," and for encore, "In a Little Red Barn."

Charlotte Alice Tubb from the college gave a few selections on the xylophone, including "Juanita," "A Spanish Cavalier," "Dixie," and "America." She was accompanied at the piano by Gwendolyn Black. Miss Mary Morgan Brown, head of the speech department at the college, gave several negro dialect readings.

Group Sings Songs

Old favorite songs were sung by the group, led by Houston Bright, from the college. The songs were "The Star Spangled Banner," "Home on the Range," and "America."

Mr. Howard Stephenson of Happy was a student of 1895, was present at the banquet. He said, "When I went to school up there, they didn't graduate them, and the building was an old wooden one standing where the present high school is."

By-gone days was in charge of Mrs. John M. Davis, who introduced some of the "old-timers." Some of the first graduates present were: 1903, Miss Columbia Redfearn of Canyon, Mrs. Howard Stephenson of Happy, and Mrs. Bell Hill of Bushland; 1904, Mrs. Bertha Wallace Rhodes and Mrs. John M. Davis; 1907, Mrs. Robert Rowan; 1909, Mrs. Clyde W. Warwick; 1913, Mr. Clarence Thompson and Miss Pearl Black; 1914 Mrs. Alfred Bellah; 1915, Lorenzo Wirt, Sr.; 1917, Lee Foster; 1918, Judge Burney Slack and Mrs. Sanford Black; 1924, Miss Olive Schramm; and 1925 Delbert Lowes.

The other classes were also called on to stand and one of them to speak for the class.

Slack Elected President

Immediately following this a short business meeting was held in which Judge Burney Slack was elected president; Clarence Thompson, vice president; and Loura Fern Brian, secretary-treasurer.

The table decorations were red, white, and blue candles, crepe paper, hats, whistles, and rattlers.

The Presbyterian women were in charge of the menu, and the boys' Sunday School class served.

Seniors '35 Gift of Flags, Arrive

The American Flag and the High School Flag given to the school by the seniors of last year arrived Nov. 6.

The High School Flag is of royal purple with a large white Eagle and Seniors '35 in the center.

The flags are to be placed in black holders on the stage with the American Flag on one side and the High School Flag on the other.

Miss Jewel Foster spent the week end in Dumas.

Miss Mattie Jordan was in Tulia over the week end.

Freshmen Meet Jackrabbits Here Friday Evening

When Coach Cagle Teague sends his W. T. Yearlings against the Wayland Junior College Jackrabbits Friday night at 8 o'clock in Buffalo Stadium, he will be fighting for his initial grid victory of the season. He reports his squad is in excellent condition for the melee, and is planning on "stomping" the Baptist lads.,

Coach Teague has been drilling his charges in stiff workouts for the past week, and they are now looking like a group of veterans. If comparative scores are indicative of anything, the frosh are slight favorites. Wayland was nosed out by the Picadors of Texas Tech 28-7, and the Frosh held the same team to the narrow margin of 10-7. Other games indicate though, that the Plainview team has a powerful aggregation. In holding the ferocious N. M. M. I. Broncos to a 19-6 score, the Jackrabbits showed that they are not to be scoffed at.

Even though they were unsuccessful in two starts this season, the Yearlings clearly exhibited that they will be stiff competition for anyone. In their loss to the Greyhounds of Portales Junior College, their defense waned in the early minutes of play, but after regaining their composure they performed admirably, and on several occasions drove deep into the Portales territory.

The Frosh can boast of a polished backfield in Lyde, Thomas, Brotherton and McLaury. Lyde has performed impressively in the two contests, and his elusiveness might spell havoc to the swift Jackrabbits.

The forward wall will find Patton and Ayres at the wing positions. Patton's shoulder has been keeping him on the sidelines, but it has completely healed and he is ready to go. Speer will get a call at the tackle post. Horton and Gilbreath works at guards, and Miller will start the ball rolling.

A King at Work

In this era of wobbly thrones, a king never knows what he'll be doing the next day. Here a monarch of the jungle philosophically plays the role of beast of burden. Every day, King, leonine inmate of a California zoo, may be seen pulling a feed wagon around the park.

Netmen Defeat Goodwell Aggies Team Saturday

The West Texas Buffalo racqueteers of Coach W. E. Lockhart, blasted their way to an impressive victory over the Panhandle Aggies of Goodwell, Okla., Saturday by winning six of their seven matches.

This victory over the Aggies gave assurance that the Buff netmen will be a stiff aggregation to cope with in the Lone Star Conference race next spring at the meet in Denton.

In the number one singles battle, Riley of W. T. and Lynch of A. & M. fought ferociously for almost two hours, but when the smoke had cleared, Riley had been plowed under by scores of 6-1, 1-6, 6-3; Curry stroked to a close triumph over Hibler, Panhandle, 5-7, 8-6, 6-3; Smalley was in rare form to defeat Frantz, Panhandle, 6-1, 6-3; Howard, W. T., whitewashed Neese, A. & M., 6-0, 6-0; Hemphill nosed out Cutter 6-4, 6-1.

Saturday, the fall tennis session will draw to a close, when the net men travel to Lubbock, and battle with the highly touted Texas Tech Matadors.

WPA Project

(Continued from first page)

C. Shuman and Gus Miller will continue to supervise the construction of Buffalo Courts and the Recreation Hall.

In addition to the improvements in front of the main building, the street in front of Buffalo Courts will be paved, walks will be built, and the rock wall continued around the athletic field. Considerable rock work will be done at the stadium.

Louis Dodson, representing the State health department, conferred with the meeting regarding sanitary projects both on the campus and over the county. $24,000 has been granted to Randall county for this work. Mr. Dodson is asking approval of about 15 men to start this work at once.

Prospects are very bright for all men on relief rolls to be employed under WPA within the coming two weeks, unless something unforeseen happens. There were 104 on the rolls yesterday, with only 6 counted as being unable to work. The government has alloted two places on the Concho Dam to men in Randall county, and these will be selected at once.

EPISCOPAL CHURCH

Most Reverend James DeWolf Perry, Presiding Bishop of the Protestant Episcopal Church of the United States of America, delivered a thought-provoking sermon last Tuesday afternoon, at the Episcopal Church, upon the subject of "The Real Purpose of Education" before a representative group of faculty members, students and Canyon citizens. Rev. Warwick Aiken conducted the service of Evening Prayer, and Mrs. Millard Word presided at the organ.

There will be the usual service at this church next Sunday night, Nov. 17, at eight o'clock. Everyone is cordially invited to attend.

The only place a speed demon can drive in front of a train and get away with it is in the movies.

YOU DON' HAVE TO KNOW ANYTHING

It doesn't take brains to push the throttle of your car to the floorboard.

It doesn't take cleverness to weave in and out of traffic at sixty miles an hour to the consternation of the slower moving highway-users.

It doesn't take any intellectual capacity to hang onto the steering wheel, give her the gun, and see if you can make the speedometer touch ninety-odd.

Drivers who regard streets and highways as the Indanapolis bowl, might be divided into two classes: First, those who are weary of living and don't mind if they take innocent parties along with them into eternity. Second, those who are so stupid as to not realize that several thousand pounds of metal moving at terrific speeds is as lethal a weapon as a machine-gun—both for the occupant and for anyone else who happens to be in the locality.

Speed—and speed alone—is responsible for the great majority of automobile accidents. All other causes pale into insignificance beside it. As even the most mentally deficient driver should be able to realize, an accident occurring at sixty miles per hour is almost invariably more serious than one occurring at 20.

The roads of America are strewn with corpses because a relatively small number of drivers are doing their best to emulate Malcolm Campbell.

Buffs-Broncs

(Continued from first page)

Noy, Champion, Waggoner, Meek, Cain, Jackson, and a host of other Buffs will give the Broncs a full afternoon of hard and rough football.

The game will be called for at 3 o'clock sharp, and blanket taxes will whirl the turnstiles for students. Adults will be charged 75 cents and children will get in for 40 cents.

Man Hunt? No!

The combination of pretty girl and bloodhound may seem alarming, but nobody except bachelors need get jittery. Anyone with half an eye can see that Betty Dodge of Miami doesn't need canine aid to "get her man."
